

In today's busy world of transport, DAF offers an important ingredient in their entire range that is valued by operators and drivers alike – peace of mind.

Each and every DAF Truck is engineered to make the demanding job so much more enjoyable, from easier cabin access to one of the quietest working environments in the business. And, ergonomics that have drivers arriving stress-free at the end of even the longest journey.

A happy driver is an efficient driver so if you are looking for high productivity and driver morale - look to DAF. DAF delivers them both.

If you need convincing...
"Just Drive One!"

DAF Trucks Australia, is a division of PACCAR Australia Pty Ltd. PACCAR Australia is the market leader in heavy duty trucks in Australia with the Kenworth and DAF Brands. Its parent company, PACCAR Inc, is a worldwide manufacturer of heavy and medium duty trucks under the Kenworth, Peterbilt, DAF and Leyland product lines. It also provides financial services and distributes truck parts related to its principal business.

The vehicles in this brochure are for illustrative purposes only and do include some non-standard equipment. All weights and measurements should be regarded as approximate only. For complete vehicle details, refer to independent specification sheets, for each model, available from DAF Dealerships and at www.DAF.com.au. In the interests of product improvement, DAF Trucks Australia, reserves the right to change these specifications without prior notice.
